MINDSPRINT

Reimagine Your SAP Landscape for Intelligent Operations:
Mindsprint Business AI

Modernize your SAP environment, accelerate innovation, and achieve digital transformation with Mindsprint's Business AI expertise

A Mindsprint Brochure

Sprint into mindful possibilities

Work **smarter,** not harder – that's the **Mindsprint** way.

Businesses need AI-driven solutions to stay agile and competitive. Mindsprint Business AI delivers the power of intelligent automation and predictive analytics to transform the way your business operates.

From predictive analytics to intelligent automation, our extensive SAP Business AI expertise and robust SAP ecosystem partnerships help you build a more efficient, intelligent enterprise.

SOLUTIONS

- SAP S/4HANA Private Cloud
- SAP S/4 HANA Public Cloud
- successfactors An SAP Company
- SAP Concur
- SAP Ariba
- SAP IBP
- SAP Signavio

FUNCTIONAL MODULES

- Financial Accounting
- Production planning & Quality Management
- Material & Warehouse Management
- Supply Chain Management
- Project Systems
- Logistics Execution
- Sales & Distribution
- HR & HCM
- TRM
- Intelligent Asset Management

TECH TRANSFORMATION

- Cloud ALM
- Test Automation – Tricentis
- Data management
- Customer experience
- Integrations
- Business Tech Platform (BTP)

Key Capabilities

SAP Joule for Intelligent Assistance: Boost efficiency, quality, and productivity with SAP's AI-powered copilot, Joule

GenAI and AI/ML Innovation with SAP BTP: Develop advanced AI-driven solutions using SAP BTP's GenAI Hub and Vector Engine.

Embedded AI Scenarios for Maximum Impact: Identify and enhance key SAP processes to drive efficiency, improve quality, and maximize business value.

Business Outcomes

ACHIEVE EXCELLENCE IN BUSINESS VALUE CREATION

Leverage Mindsprint's deep industry and LOB SAP expertise to drive operational and strategic excellence.

ENSURE GOVERNANCE AND CONTROL OVER AI SOLUTIONS

Implement AI with confidence using industry-standard tools, methodologies, and accelerators for robust oversight.

STRENGTHEN DATA PRIVACY AND COMPLIANCE

Maintain the highest standards of ethics, security, and regulatory compliance with Mindsprint's Business AI solutions.

Value Proposition

Data-driven insights
Our data and industry experts can help identify relevant SAP data to be utilized in a given use case

Automation
Leverage our expertise in automating processes with automation tools and AI/ML

AI-powered UI/UX
Collaborative implementation with constant feedback from the client to build delightful, value-driven and easy-to-use UX

Embedded AI Capabilities

We have proven expertise to implement in-built AI capabilities in LOB SAP solutions, leveraging AI capabilities in BTP tools and services
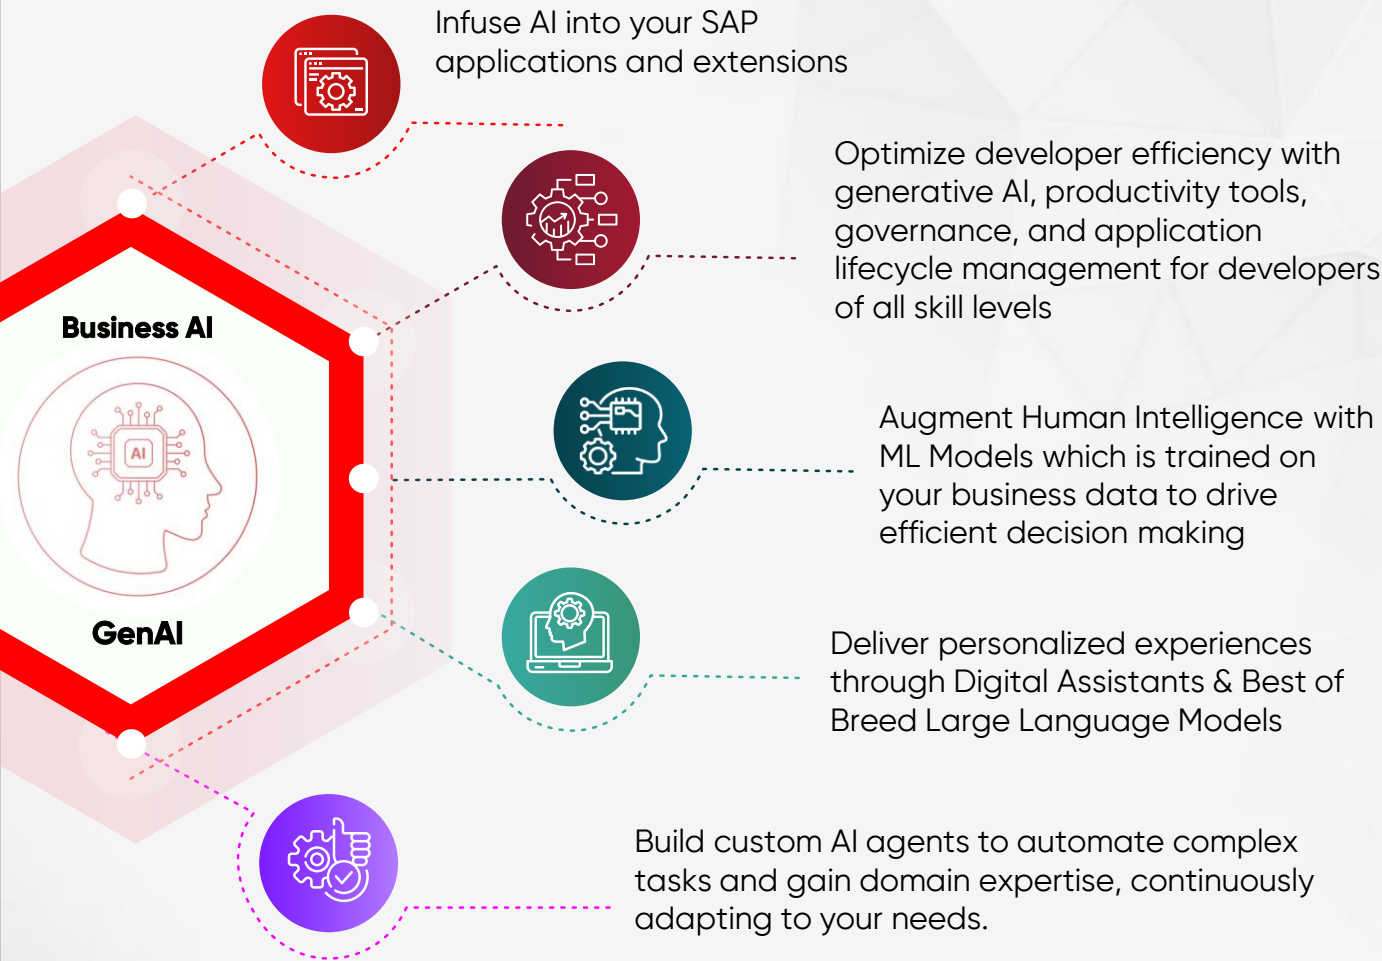

Responsible AI use

Our AI experts actively engage to find anomalies and remove biases from the datasets to be used for building the AI-based business solutions

Developer Productivity for Business AI -

Featuring ABAP Development Tools, predictive code completion, automated unit test generation for ABAP classes and CDS views, and comprehensive code explanation for ABAP and CDS

Smarter Business, Faster Growth – Powered by Mindsprint's AI Expertise

Infuse AI into your SAP applications and extensions

Optimize developer efficiency with generative AI, productivity tools, governance, and application lifecycle management for developers of all skill levels

Augment Human Intelligence with ML Models which is trained on your business data to drive efficient decision making

Deliver personalized experiences through Digital Assistants & Best of Breed Large Language Models

Build custom AI agents to automate complex tasks and gain domain expertise, continuously adapting to your needs.

Mindsprint

Leverage Mindsprint's SAP Business AI Best Practices

Ethical AI
Follow SAP's guiding principals for ethical AI

Low-effort and High Value
Identify optimal use cases in SAP

Customer Service using chatbots
Provide real-time support for faster issue resolution

Data Analysis powered by ML
Identify patterns and anomalies

How Mindsprint Delivers Impact: Use Cases

Deliver delightful experiences to the employee & customer with EPM Chatbot EVA

Sanctioned Party Screening	Joule in SAP S/4HANA	Weighbridge App	Cash Application
AI-powered fraud detection in SAP S/4HANA prevents high-risk transactions and ensures compliance	AI-driven natural language search simplifies navigation across finance, sales, and procurement.	AI detects weighbridge anomalies in real time, optimizing truck operations.	AI automates cash reconciliation, accelerating order-to-cash cycles.

Mindsprint

Mindsprint's AI-Powered Batch Allocation Solution

- Smart
- Efficient
- Predictive

Streamline Batch Allocation for SFG & FG sales contracts and spot orders with a hybrid microservice-based approach

Key Capabilities

Rule-Based Engine– Automates allocation with predefined business logic

AI & Machine Learning – Identifies seasonal patterns for smarter inventory utilization

Automated Insights – Provides real-time, data-driven recommendations for planners

AI Enabled IOTTA – Gate Management
(Inbound / Outbound Truck Turnaround Automation)

Leverage our IOTTA Gate Management Fiori platform, powered by AI for anomaly detection, and comprehensive truck movement visibility, and expert consultation to streamline gate management, resulting in substantial spend savings and reduced procurement operational costs.

CLIENT CHALLENGES

Longer lead-times
Data Challenges, Approval delays, manual analysis : Impact Inventory

Cost Increases
Demurrages and Detention on Barge

Supplier performance
Gaps in linking performance on STO and PO ,Vendor, Data Accuracy, Cost saving

Inadequate transparency
Offline process, Low contract-based buying

Material Follow-ups
Shipment delays & ETA visibility gaps , Material shortages

Manual efforts
Higher operational costs, sub-optimal process execution

SOLUTION DELIVERED

Gen AI capability for all the truck movement activities

Intuitive Fiori UX & SAP integrated

Enables better Collaboration with Transporter / Freight forwarder and Internal Team

Faster time to value:
Quick Implementation

Vehicle movement with real time Stamps

Audit & Control Improvement, Simplified & Integrated Process

AI ENABLED

Data Analysis
- The AI continuously monitors data such as: Truck arrival and departure times
- Gate opening and closing durations
- Traffic flow patterns
- Driver and vehicle information

Pattern Recognition
- The AI learns the "normal" patterns of activity

Deviation Alert
When the AI detects a significant deviation from these normal patterns, it flags it as an anomaly. Examples:
- A truck arriving significantly outside its scheduled time.
- A gate remaining open for an unusually long period.
- Sudden, unexpected surges in traffic.
- Unregistered vehicles attempting gate entry

BENEFITS

Enhanced Security
Detects potential security breaches or unauthorized access

Improved Efficiency
Identifies bottlenecks or delays in the gate management process.

Proactive Maintenance
Can signal equipment malfunctions or potential issues before they escalate.
Fraud prevention: Can detect suspicious patterns of activity.

Mindsprint

Awards & Recognitions

SAP **Outstanding Business Transformation Award** for SAP Global Template

SAP **Next Gen BTP Innovator** at SAP NOW SEA

SAP **Distinguished Champion** of the Key Business Leader

SAP **SAP ALM Excellence Award** INDUS

SAP **Best Foreign Exchange Solution Award** Asia

SAP **BPC** – Best Enterprise Performance Management Award

SAP **Business AI SAP** GTMKOM APAC

ABOUT

MINDSPRINT

Mindsprint's purpose is to reimagine business with talent, technology, and insights-driven services. With a proven record of enabling global organizations in their business and technology transformation journey, Mindsprint is a leading provider of purpose-built, industry-first digital solutions and services.

As an SAP Gold Partner and customer, Mindsprint offers a comprehensive range of SAP transformation services, including consulting, implementation, Partner Managed Cloud (PMC), and managed services. Leveraging a 360-degree relationship with SAP, we deliver accelerators and pre-configured solutions to empower customers in their RISE and GROW journeys. Through our SAP Business AI services, we help organizations automate and optimize their business processes and improve customer experience.

Our expertise spans AI & Data Analytics, Cloud-Native Development, Generative AI, SAP Transformation, Business Process Automation, Cybersecurity, and Product Engineering. Whether streamlining supply chains, enhancing customer experiences, or enabling smarter decision-making, we deliver impactful, industry-first digital solutions.

Headquartered in Singapore, with offices in India (Chennai & Bengaluru), the U.S., Australia and the U.K., Mindsprint is proud to be a Great Place to Work Certified™ company, fostering a culture of innovation and collaboration.
